

TCFD TO-DO LIST

Effective climate-related financial disclosures must be:

Presented -
in the mainstream report

Prepared - according to the same
rigour as financial information

Specific -
to the reporting entity

Coherent - across strategy, finance
and impact

Supported by leadership - with
oversight and involvement from all
relevant business areas and functions

Qualified - contain a statement of
conformance so that the reader
understands the limitations

Future-oriented - the plan is clear
and stands up as being resilient

Financed and resourced - current
financing arrangements support the
delivery of the plan

Decision-useful - to providers of financial capital, responsive to your
investors' feedback and with a continuous plan for improvement
